

DJ KERRY

BIO

DJ KERRY has been passionate about music since the tender age of 5. Her musical beginnings began with her playing the piano at age 8 and listening to hard rock until she was introduced to Michael Jackson at age 12. Once soulful music entered her life she expanded her musical genres to everything from R&B, Disco, Rap, Hip-Hop, House and everything in between. Out of all the genres, house music and rare disco classics are her favorites to spin. Many of her influences come from DJs such as Louie Vega, Marques Wyatt, Joe Claussell, DJ Harvey, Greg Wilson and David Mancuso to name a few.

One thing that KERRY brings to her sets is the sense of universal appeal. Her song selections are often not condensed to one type of sound but an accumulation of everything from Brazilian jazz to Latin grooves to afro beats. Her sense of style is very smooth and seamless. You can always count on DJ KERRY to make you groove.

For the past 3 years Kerry had been DJing all over Los Angeles and feels honored that she has had the opportunity to open for such artists as Macy Gray, Quest Love of The Roots, Groove Junkies, Morten Trust, DJ MeMe, & Scott K. In-between playing for different art shows, galleries, and private parties, KERRY has played at trendy Los Angeles nightlife spots such as Falcon Bar, Day After, Hollywood Canteen, Crash Mansion, Joseph's Cafe', The Standard Hotel, Custom Hotel, Tokio Restaurant Bar & Lounge, & The Roosevelt Hotel to name a few. You can currently find DJ KERRY playing at the AC Lounge every Wednesday in Santa Monica, The Vine Bar every Thursday and the Standard Hotel in Hollywood on a monthly basis.
